## **Maintenance Instructions:**

- For long life of chrome plating, do not use any cleaning agents containing Hydrochloric acid, formic acid & Bleaching Substances.
- Avoid using harsh cleaning agents like Harpic or other toilet cleaners.
- Clean the aerators provided in the items at regular intervals for a perfect foam flow of water from faucets.
- Clean the tank thoroughly before supply starts.
- To protect the fine finish of fittings from dirt stains and other damage, cover them with cloth / poly pack after their installation till they come into actual use.
- wipe the faucets with soft cloth and use mild soap or mild vinegar if required to avoid the white deposits.
- We undertake to repair or replace any of product against any manufacturing defect upon pro of purchase.
- The defective faucet shell be returned to us without any sign of mishandling.
